Hancock County Public Safety Complex Inmate Handbook

Introduction

The purpose of this handbook is to provide general information to you and others interested in the operation of the Hancock County Public Safety Complex. When Hancock County Public Safety Complex policies are changed, modified, deleted or otherwise amended, you will be given notice of the change(s); however, be aware that the most current policy will become effective, and enforced, regardless of what information is in this handbook.

This handbook is not an exhaustive guide to the detailed policies of the Hancock County Public Safety Complex (which are subject to change), or all procedures in effect at any given time. That information will be made available to you during the reception and orientation process. The material in this handbook is intended to help you understand what you can expect upon entering the Hancock County Public Safety Complex, and to ease your adjustment and transition to facility life.

You are to keep this handbook from the time it is given to you until you are released. You are expected to conduct yourself in an orderly and mature manner and to respect the rights of others. Some of the programs and services available to you are mentioned in this handbook. You may get more information about the available programs and services by sending a request slip to the staff member in charge of the program or service. You are encouraged to discuss your needs, goals and interest with the staff. Your conduct and attitude will be observed and will be reviewed by staff when they consider you for programs and other privileges. You should try to make good use of the time you are in the Hancock County Public Safety Complex by using the programs and services to better yourself.

You are responsible for knowing and following all the rules and regulations that directly affect you. When a rule change is made, you will either be issued a bulletin that outlines the change or a notice will be posted on the housing unit bulletin boards. Close observance of rules and regulations will prove beneficial in receiving a possible work assignment, plus a considerable number of privileges that will make the period of confinement both rewarding and less stringent. Failure to comply with the rules and regulations will result in failure to earn those privileges and deter favorable consideration for programs and privileges. Failure to comply may, in some cases, be justifiable cause for an inmate to receive punishment, and/or have additional criminal charges filed.

Most inmates desire to serve their time in the best and most effective way possible.

While you are in jail, you will not be treated differently because of your race, religion, national origin, gender, or disability. You will receive equal access to programs based on your classification and behavior while incarcerated. Felony inmates (with less than a \$100,000 bond) may apply to serve as an inmate worker.

While you are in jail you are expected to keep yourself and your living area clean at all times. You are to respect the rights of your fellow inmates and the rights of Hancock County Public Safety Complex employees charged with your supervision. Your responsibility is simple:

- *Obey the Rules
- *Have good behavior at all times
- *Show respect
- *Notify your family and friends of new rules that affect them

If you have questions that the handbook does not answer the staff must be asked in the following order:

1. OFFICER assigned to your tower or floor
2. FIELD TRAINING OFFICER (FTO)
3. BLOCK SUPERVISOR (SERGEANT)
4. SHIFT SUPERVISOR (LIEUTENANT)
5. CHIEF OF SECURITY (CAPTAIN)
6. WARDEN

CHAPTER I

All items maintained in your cell must fit inside your laundry bag or bunk compartment. If you are transferred to MDOC or to some other detention facility your personal property must go with you. Items not accepted by the agency picking you up **WILL NOT** be held at this facility. The facility will only keep property for inmates housed here. At the point of being sentenced, you should have a family member pick up your property.

IV. ADMISSION AND ORIENTATION

Inmates admitted to the Hancock County Public Safety Complex or returned for court, parole, probation, ISP, ERS, or suspension violations are first assigned to the classification section. Upon completion of initial admission processing, inmates are transferred into the housing units. Prior to completion of initial classification all inmates are treated as “C” custody (close supervision) or “D” custody (maximum confinement) until they receive an assignment from the Initial Classification Hearing Officer and are transferred from the Classification Unit to a permanent resident housing unit. During Admission and Orientation inmates are given an introduction to the initial classification process and are issued a copy of the HCPSC Inmate Handbook.

V. CLASSIFICATION (DEFINITION AND INTENT)

Classification is the systematic processing of inmates into one or more of the following assignments:

- * Custody Status;
- * Housing Unit;
- * Educational Programs (Adult Basic Education/GED);
- * Rehabilitation Programs (Alcohol and Drug Treatment, Parenting, Anger Management, etc
- * Medical Class

A. Initial Classification

This process includes, but is not limited to the following

1. Identification Process

Inmates are strip-searched and all free world clothing is confiscated. Personal property that is not included on the Allowable Items List is confiscated. All currency is confiscated, a receipt is issued and the money is placed in the inmates account. The inmate is allowed to shower and receives issued items. The inmate is photographed, fingerprinted, retina scanned and issued an identification band.

The Security Threat Group Intelligence Coordinator interviews each inmate for the detection and identification of gang or unsanctioned group involvement. After review by the security personnel of the intake processing center, the inmates file is delivered to Classification Office. The inmate is placed on a pre-physical list for a medical examination by the medical staff, and is scheduled for an initial classification hearing.

2. Physical Examination

Medical staff will examine each inmate within fourteen (14) days of entering the system. When the medical staff completes the commitment report, a Medical Class will be assigned to the inmate and documented in the report. The report is then forwarded to Classifications.

B. Objective Classification System

Each inmate will be scored using the Objective Classification system during initial classification to establish a custody rating upon his admission to the HCPSC. This custody rating is based upon an assessment of items that are scored on a numerical scale. Your temporary housing assignment will be determined by Inmate Processing Center staff. Within five (5) working days, classification staff will evaluate you based on criminal charges and other objective criteria and/or special needs identified during the booking process. Your permanent custody level will then be determined. While incarcerated, your behavior will be closely monitored. You may request reclassification once every six (6) months. However, an inmate may be reclassified using the Objective Classification reclassification assessment review as often as is necessary throughout the incarceration period in HCPSC and its satellite facilities.

C. Classification Criteria

The Initial Classification Hearing Officer shall use the following criteria to assign each inmate a classification level:

- Age
- Nature of offense and surrounding circumstances
- Type of crime committed
- Prior and current institutional conduct
- Sentence data
- Prior criminal history and NCIC

- Personal and social factors
- Escape history
- Detainers
- Red tag- Separation/Cautions
- Disciplinary actions
- Evaluations and recommendations
- Security requirements
- Education
- Resident stability
- Employment experience
- Youth court, including juvenile criminal history; and/or
- Knowledge obtained in personal interview

D. Custody Designations

The Initial Classifications Hearing Officer is responsible for designating a custody classification to each newly received inmate. After assignment to a housing unit and after a reasonable period of observation, the Classification Hearing Officer will evaluate the inmates institutional assessment information, behavior and other relevant factors and recommend a custody change, if necessary. All privileges, to include level of supervision within and outside of the institution, access to programs, activities, jobs, canteen, visits, and telephone, are based on the inmates custody level. When a decision is made regarding the custody, the inmate's privileges will be consistent with that custody.

The following are a list of the custody designations.

“A” Custody

This is a minimum custody which affords an inmate a more relaxed atmosphere and an extension of social privileges. This custody requires a responsible attitude and the display of a high degree of integrity, along with the ability to work satisfactorily with minimum supervision and security control.

“B” Custody

This is a medium security status where the inmate has displayed a desire to be considered responsible.

“C” Custody

The two types of “C” custody inmates are Segregation and General Population. Segregation “C” custody inmates require close supervision and the inmate must be under positive security control at all times.

General Population “C” custody inmates are housed in a cell or dormitory units with like custody inmates.

“D” Custody

This is a maximum security status where the inmate’s behavior and conduct pose a long term, serious threat to life, property, self, staff, other inmates, or the secure and orderly running of the facility. This custody identifies inmates who are difficult to manage, unresponsive to treatment, having difficulty adjusting to institutional programming and have exhibited the potential to conduct themselves in an irresponsible manner.

CHAPTER II **PROGRAMS**

2. Inmates who have identified their own need for treatment may request placement in the A&D Program by writing a letter or seeing their Classification Officer.

C. Screening Criteria

1. Upon arrival at HCPSC, the Classification staff or designee will review the inmate’s initial file to identify those inmates with substance abuse/sales/distribution history or issues. After the screening assessment, based upon program eligibility, the identified inmates will be referred for consideration for the A&D Treatment Program.
2. When a referral is received, the Classification Officer or designee will review the inmate’s file and assess the inmate’s substance abuse/sales/distribution history or issues.

IV. RELIGIOUS PROGRAM /CHAPLAINCY SERVICES

- A. HCPSC provides all eligible inmates with the opportunity to exercise legitimate religious beliefs in a manner consistent with the security and orderly operation of the facility
- B. Each inmate is asked to complete a Chaplaincy Information Form (CIF) which indicates next of kin information necessary to verify critical illness or death of family members. In an emergency, inmates should notify family members to contact the chaplain in order to verify and process information. The CIF form also indicates the inmate’s religious preference and is important in planning programs of support to faith and tenets of practice.
- C. The Religious Programs chaplain will normally be the staff person to notify inmates regarding emergencies related to critical illness or death of family members.

- D. Chaplains assist inmates to attend religious services as identified by their religious preference statement. Inmates may attend such group activities as long as they do not pose disruption to the orderly operation of the facility. Any disruptive behavior will be dealt with individually and may determine that the inmate is not approved to be involved in group activity.
- E. Inmates in Administrative Segregation, disciplinary detention or protective custody are assisted by chaplains to carry out approved religious faith practices on an individual basis.
- F. Pastoral visitation by inmate's designated clergy leader will be coordinated through the Religious Programs chaplain.

- H. Inmates may participate in religious correspondence courses through the mail upon prior approval through the Religious Programs chaplain.
- I. Inmates will be assisted by Religious Programs chaplains to participate in activities (i.e. worship, study groups) related to their stated religious preference. Disruptive behavior on the part of any individual may result in disapproval to meet within group activities. Inmates in administrative segregation, disciplinary detention, or protective custody, other lock-down situations will be assisted by the chaplain to practice their faith individually.
- J. Inmates are able to seek chaplaincy services by making a request to the chaplain to be seen or by filling out a request form available in the housing unit.
- K. Whenever possible, religion based programs will be conducted in areas other than the block or dormitory dayrooms. This affords participating inmates a sense of privacy and protects other inmates who do not wish to participate from feeling as if they have no choice. However, dayroom areas in all units are considered common areas, which are used to accommodate a variety of programs, including religion based activities. On such occasions, inmates who do not wish to participate may return to their cells or bunks in the dormitory living area.

CHAPTER III

Medical staff will review the request form to determine if the inmate will be seen immediately or can be scheduled for regular sick call. If a visit is required, the inmate will be scheduled for a visit with the appropriate medical service. The inmate's request for medical service will be triaged within 24 hours of receipt of the request.

Appropriate medical staff will respond to any emergency call for inmates in need of health-care services.

A qualified healthcare professional shall visit inmates in segregation on a daily basis, to address the healthcare needs and to pick up request forms.

Inmates who wish to address complaints regarding the quality of healthcare services shall utilize the Grievance Procedure.

Sick call clinics are normally open during regular scheduled hours Monday through Friday.

CHAPTER VII

INMATE GRIEVANCE PROGRAM

I. GENERAL

HCPSC has a formal grievance mechanism for use by all inmates. Inmates will be urged to use this program before they proceed with a lawsuit. Procedures to access the program will be posted in each unit.

II. DEFINITION OF GRIEVANCE

A written complaint by an inmate on the inmate's own behalf regarding the following

- A policy within the facility;
- An action involving an inmate or employee of the facility;
- An incident occurring within the facility; and/or
- A condition in a facility.

III. PURPOSE

HCPSC has established the Inmate Grievance Program through which an inmate may seek formal review of a complaint relating to any aspect of their incarceration. Through this procedure, inmates shall receive reasonable responses and, where appropriate, meaningful remedies. This procedure applies to all inmates confined in, or committed to HCPSC.

IV. PROCEDURES

- A. Inmates are encouraged to continue to seek solutions to their concerns through informal means. However, to ensure their right to use the formal procedure they must make their request to the Grievance Officer in writing within a 30 day period after an incident has occurred.
- B. Inmates may request information or assistance in using the program from the Grievance Officer or from any staff member in their housing unit
- C. All grievances must be filed on the correct form that is provided. If an inmate is not satisfied with the Level I response, he/she may proceed to Level II (Chief of Security). If not satisfied with a Level II response, he/she may proceed to Level III (Warden). Level III is the final step in the process

V. ACCEPTANCE OR REJECTION

Notice of the request's acceptance or rejection will be given via the inmate's grievance form. If a request is rejected for technical reasons or matters of form, the inmate shall have 5 days from the date of rejection to file his/her corrected grievance.

VI. ABUSE OF THE PROCEDURE

- A. If an inmate submits multiple requests during the period of Step One review of this request, the first request will be accepted and handled. The others will be logged and set aside for handling at the Grievance Officers discretion. A maximum of 5 requests will be logged. Requests above that number will be returned to the inmate and not filed. The Deputy Warden may determine whether a letter of instruction to the inmate is in order. If such a letter is sent, a copy is also sent to the Grievance Officer.
- B. If a request is unclear or the volume of attached material is too great, it may be returned to the inmate with a request for clarity or summarization on one additional page; the deadlines for this request being on the date resubmission is received by the Grievance Officer.
- C. If an inmate refuses to cooperate with the inquiry into his allegation, the request may be cancelled by noting the lack of cooperation on the Grievance Form and returning it to the inmate.

VII. REPRISALS

Nothing in this procedure should serve to prevent or discourage an inmate from communications with a Division Head or anyone else. No action shall be taken against anyone for the good faith use of or good faith participation in the program. The prohibition against reprisals should not be construed to prohibit discipline of inmates who do not use the system in good faith, or who file requests that are frivolous or deliberately malicious.

VIII. DEADLINE AND TIME LIMITS

Unless an extension has been granted, no more than 90 days shall elapse from beginning the process to ending the process. Absent such an extension, expiration of response time limits without receipt of a written response shall entitle the inmate to move onto the next step in the process.

- C. An indigent inmate is defined as one who is without funds and has maintained a balance less than the price of a first class stamp, or less, for 30 consecutive days preceding the requested mailing.
